

Plugaloo

Premium temporary
sanitary solutions

Premium-quality execution

A comfortable resting point for passers-by and guests, with high quality and hygiene. Luxurious and smart design, with an eye for detail and executed with the best materials and plumbing. For a visitor experience that surpasses expectations.

Robust, yet simple to place and move

Public facilities that look permanent, yet can be disassembled and moved within 24 hours. Designed for intensive use and cleaning. Sturdy, safe and suitable for large numbers of visitors and executed with smart techniques.

Unlimited configuration options

The sanitary modules can be assembled to fit customer requirements and available space.

INTOS
AIRPORT SOLUTIONS

Premium hospitality during building renovations and at the time of visitor traffic peaks

Plugaloo for temporary use at the time of building renovation and for locations and moments with high traffic visitor flow. For airports, train, metro stations, congress and shopping centers, and for offices and government buildings.

Facts and figures

- ▶ Billions of people worldwide do without good toilet facilities
- ▶ Shortage of public toilets in every city
- ▶ Temporary toilet facilities are seldom adequate
- ▶ Toilet finders are among the most popular smartphone apps.

INTOS x AirportCreators

Plugaloo is developed in close collaboration with AirportCreators.
